BERENICE ABBOTT

"Topografie" is Italy's first-ever anthology of works by American artist Berenice Abbott (1917-1991), one of the most original and controversial figures in 20th century photography. Divided into three sections, (Portraits, New York and Scientific Photos) the exhibition restores Abbott's exceptional talent to its rightful place in the spotlight and provides an overview of her varied work.

Museo Man

Until 31 May
