

June – September 2017

>> Feasting like in imperial days

Eastern Lombardy has been named European Region of Gastronomy 2017 – which comes as no surprise. The provinces of Bergamo, Brescia, Cremona and Mantua all have rich culinary traditions. Under the motto #EatMantua, a number of events are taking place between June and September in the city south of Lake Garda to celebrate the region's cultural heritage, its exceptional natural resources and the creativity of its cuisine. JRE will be part of the series of events with several theme nights. The Italian JRE president Luca Marchini will also be in Mantua.
